- Curriculum Swap--Bring items you are no longer using, trade for something you may need!
- Taco Bar open 4-6
- Special Keynote Speaker 7PM

### Inside

Director's  
Message

Schwan's  
Fundraiser

## From the Director

Public Education is an ever changing entity. So many factors affect the consistency of education, such as politics, new "it" trends, and changing clientele. By choosing to participate in the VISION Home & Community Program, you are entering the realm of public education with all of its restlessness. The VISION Home & Community Program has its own ebb and flow based on the same factors. The program strives to meet the needs of the Learners, to provide for the needs and skills of the Resource Consultants, and to provide accountability for the public. All of these things change with the personality and moods of the individuals. In essence, everyone is in constant motion to satisfy the needs and requirements for the education of every child. This can grow tiresome, and each year the program asks Learners and Families to evaluate whether the program is a valuable part of their child's education. This year is no different and Families need to look at the value added by being in the program. If the program is a good match for your family and the benefits are clear to you, adaptations to changes can be made and still insure quality education for each Learner. Changes are a part of life. As we grow, we make choices that change us. Sometimes those changes are beneficial and other times they are not. In the end, we make an informed decision based on our needs, beliefs, and our dreams of the future. Please take some time to reflect upon the choices before you this year. Talk with your RC and we believe you will make the best decision for your child. Whatever decision is made, we applaud you for your thoughtful consideration of the best choice for your Learner.

We are excited to announce that our VISION HCP Schwan's Fundraising campaign will start on June 30, 2007. Thank you in advance to everyone who is out supporting our organization. We have just received notification from Schwan's that our campaign number is: 1003912. Please give this campaign number to friends and family who will support our fundraiser via the internet. Remember that Schwan's trucks deliver coast to coast! So, spread the word!

To order online, simply go to [www.schwansfundraising.com](http://www.schwansfundraising.com), click on "Start Shopping" (near the truck on the left side of the screen). You will then be asked to enter a Campaign ID, remember to enter Campaign Id#1003912. Click the "Start Shopping" on the welcome page and begin placing your order.

If the student is eligible for a prize program, you will be asked to provide the name of the student you are supporting upon checkout. That's correct; each student will get credit for the orders that are generated via the internet!

Each VISION HCP learner has two options to generate sales for the fundraiser:

Option #1: Ask friends and family to order on-line as described above. (Link here) to print individually customized "Student Referral Card".

Option #2: Go door-to-door in your neighborhood with fundraising packets (available from your RC). Prize program credit comes from this method, too!

Thank you in advance for your support of our fundraiser. With your participation we will be that much closer to our goal of generating funds for support of alternative education through the VISION HCP.

# Wednesday Classes

There is a new procedure to sign up for Wednesday Classes in order to give Learners an equal opportunity to participate. From now on, we will not let Learners sign up until two days after the newsletter has been mailed. Please remember to bring a lunch if you are coming for the entire day and also call the office to sign up for the classes that interest you because space is limited. (There may be a cost for materials if they are provided by the teacher). If you are unable to attend please call the office to let us know so others can participate.

July 11
