

Wednesday Classes

Learners will not be able to sign up for Wednesday Classes until two days after the newsletter has been mailed. We hope this procedure will give Learners an equal opportunity to participate. Please remember to bring a lunch if you are coming for the entire day and also call the office to sign up for the classes that interest you because space is limited. (There may be a cost for materials if they are provided by the teacher). If you are unable to attend please call the office to let us know so others can participate.
