

Graduation Ceremony Participation Declaration

The VHCP Directors and Delta County High School Principals met several years ago to discuss the possibilities of VHCP learners “walking” in their chosen conventional school graduation ceremony. This discussion addressed concerns from both sides regarding this process. In the end, it was decided that VHCP learners could “walk with their class” from a conventional school if they met the following requirements:

- The student declares at the beginning of their senior year the desire to participate in a conventional school graduation ceremony.
- The student meets with representatives from both schools to determine whether they have or will have the required elements that will open this option to them.
- The student complies with the conventional school’s requirements for graduation, regardless of the diploma they earn from DVHCP.
