

Present: Ackerman's, Cheryl, Angela, Amy, Tami, Patrice and Caryn.

Meeting opened at 2:35 pm.

Discussion over what the role for DAC is next year, what offices are required to fill, minimum number of members needed and possible meeting schedule. After discussions the group opted to take the summer break off and meet again starting in August.

Caryn passed out copies of her DRAFT for the District Accountability End of Year Report. The presentation is set for June 10th. With a review of the report there were several suggested changes and/or additions.

- Address the fact that our school is not generally contacted when there is an all-school lock down in place.
- We do have regular fire drills and have all of our safety equipment checked and maintained.
- Budget-what we could have used \$\$ for from the Capital Reserves or Insurance Model.
- Achievement goals-could we have student goals measured in some way? Then we could set the level at which goals were completed and present that info. We have used Study Island, Math Lab and a variety of classes. The 2nd tier of intervention.
- Caryn will take out the chart currently in the DRAFT.

Next Year's Improvement Plan. What would we like to work on?

- Improving communication with D.O. and other schools in district.
- Promote sponsored events for Learners (essay contest-art shows-science fairs) at the local, state and national level.
- Online Curriculum
- Classroom space-we need more just to function for the current year. It is not about what we could do with it, we need it now.
- Menu of Opportunities
