

Present: Angela, Cheryl, Trona, Caryn, Jeff, Elaine, Jennifer, Amy and Dick

125 people showed up for yearbook photos. Next Tuesday we will take make up photos from 1 to 3 here at the office. Jennifer will send out an email to all RCs to let there families know.

Free-Jennifer has some educational football info. Please contact Jennifer for more information.

Curriculum issue-It was found that "Learning Language Arts Through Literature" by Common Sense Press contains some questionable material, possibility non-secular information. The publisher is list several times on the approval curriculum list but we should look into it. We could have John Jones, head of the approved curriculum committee, look it over. Because families are using this we need to help them find something else by the start of the new semester. Any of this curriculum that was ordered on this lat months PO system should be returned. Families that purchased the curriculum by reimbursement will need to return the item or reimburse the program for the purchase. Cheryl will put out an email to everyone. Since this item cannot be funded it should not be in the programs library either.

Funding issues and deadlines - Funding can be turned in early but that does not mean that the funding girls will be checking it early and getting it back to the RCs for corrections.

Office hours-We need to confirm that there is a staff member here for all office hours. Send out email and post hours. Vacations need to be posted with front desk. Angela will email and post new office hours for everyone.

FYI- there is an accident report that needs to be filled out if something happens to a child while at the school. Amy will check with Delta High School to see if there are any extra additional insurance forms for families.

After hours class-Students for these classes cannot be dropped off early. They must be dropped off only if the teacher is here.

Who is the training coordinator? Is there a master calendar that lists the future training agendas? Elaine will be our training coordinator. WJ would be a good thing to cover. The 2nd Tuesday we are going to have a Plato training for all RCs.

Newsletter-December newsletter items are due to Gerry by the 14th of November. Elaine will let the HQs know about the deadline.

Journalism class has over \$1300 in fundraiser money. Hopefully the first paper will be printed next month.

Power box outside needs to be locked. Someone had tripped the main level to the power this last week. Trona will call the power company to see who maintains the box.

Staff Meeting 10/28/2008

Activity passes-we still need more from John Jones. Trona will talk with him about getting additional passes.

Graduation-Senior management Committee will be setting dates for the 2009 Graduation Ceremony and the Senior Presentation Night.

The best way for an RC to make up missed training hours is to volunteer at the DVHCP Work Days.
